

Dear Georgia Bass Federation members,

Frazier Marine Group has teamed up with your organization and would like to let you know about the benefits we are offering you. We have a wide range of Elite Series products that are used by everyone from the pros to the weekend warriors. Our products range from Slick Sides, a lubricant scent that will enhance not only the depth and mobility of your lures, but will also attract bass in droves, to the best boat cleaning products on the market like Shazzam, a dual cleaning and waxing formula that works wonders. Our biggest seller, and the main product you need to have, are our instructional DVDs on sonar and GPS. Wilson Frazier, the leading authority on Sonar and GPS, takes you step by step to find out exactly how sonar works. With this knowledge, you will catch more fish. The best in the business, from Mike Iaconelli to Kevin Van dam come to Wilson for the knowledge to give them one more edge up on the competition.

When you order our products online at www.itainttv.com, use the code **(see note below)** for 15% off anything you order. Also, 5% of your total order goes directly to your Bass Federation. So come and get some great products and support your federation at the same time!

Thank you,
Frazier Marine Group

Triton, Mercury, Lowrance, Motorguide Alliance State
